
Minpet Software Free Download

by V JANOUSEK - 2006 - Cited by 822 - Software under the terms of the GNU Free Software Foundation. General Public License and can be downloaded from gla.ac.uk/gcdkit. I have used the GNU General Public License (GPL) for many years, and I have no objection to that license. At present it is not a requirement for commercial applications. Because of that, I ask commercial software developers not to use the GPL, and instead to have stronger license terms, like the ones they can use if they want to. If they don't want to, they must not use the GPL.
